Outboard Races Scheduled Here For Sunday Morn

100 Entries Assure Thrills At Donner Sunday In Annual Meet

A huge crowd of spectators is expected to witness the thrilling outboard motorboat races at the west end of Donner Lake Sunday starting at 10 a.m.

The races, sponsored by the Northern California Outboard Association, and supported by the Truckee Chamber of Commerce, have attracted more than 100 entries and there will be 10 classes.

Rex Reid, president of the Truckee chamber, said the program calls for five laps per heat and two heats per class. Some of the boats will be running in two classes and eliminations are expected to be necessary.

Trophies provided by the association will be presented following the races at Donner Lake Lodge to the first three winners in each of the 10 classes.

The drivers will meet at 10 a.m., and the races will start at 10:30, Reid reported.

Officials named include Henry Wagoner, chairman; Al Hart, referee; Faye Beman, timer; Willard Jones, starter; Virginia Paul, scorer; Al Coltin, measurer; Ernie Mullo, pit manager; Dr. Ben King, physician and ambulance courtesy of John Lloyd and Jack Ellis.

The races will be run parallel to Highway 40 between Donner Lake Lodge and Lakeview Hotel.

Utility Studies Plan To Buy Donner Line

Officials of the Truckee Public Utility District met last week with F. A. Tracy, president of the Sierra Pacific Power Company and members of his staff, including F. W. Gaiennie, local district manager, to discuss the possibilities of the utility district acquiring the electric line of the company serving the Donner Lake area.

While no action was taken pending further consideration by both the company and utility district officials, Manager C. Edmunds of the utility district, who with Directors Hal Welch and George Kaspian, and Paul Chamberlain, attorney for the district, said in part:

"Due to the load that has developed on the district's system in recent years, it was pointed out that the district is in need of a higher voltage line in the western portion of the district. The Donner Lake line is within the boundaries of the district and the people of that area have expressed a desire for the district service when they annexed themselves to the district."

As a first step, the directors some time ago expressed a need for acquiring this line and employed Bernard White, Jr., of Sacramento and his associate, R. Roy Cowles of Auburn to make a survey and appraisal, together with an economic feasibility report.

Future discussion on the subject are planned, Edmunds said.

THREE INJURED AS 100 CITED IN AREA

Three people were injured and 100 arrested by officers of the California Highway Patrol in the Truckee area during the long holiday weekend.

One of the arrests was for drunk driving, another for violating the countys' sobriety ordinance and 98 for traffic violations, Sgt. Frank Snyder reported.

The check was made from Friday to Monday morning.

The three-car accident occurred two miles west of Kingvale Friday evening at 5:20 p.m. when cars driven by Razzle J. Moore, Rio Linda, Frank J. Hocking, Sacramento and Howard J. Rooney, Jr., of Martinez were involved. Hocking was cited for illegal parking on the highway which resulted in the collision.

Injured were Donald F. Rocklen, 21 a passenger in the Moore car and Patrick Roney, 11, and Cynthia Rooney, 7, passengers in the Rooney vehicle.

Harris Family Enjoys Family Reunion Here

Mr. and Mrs. James Harris had his mother and sisters and their families as their guests during the weekend.

Arriving for the family reunion were Mrs. Cora Harris, Mrs. Sam O'Neal and daughters of Oklahoma; Captain and Mrs. R. J. Hunter and family of Fairfield.

LIONS MEET

District Ranger Ray Saarni of the U. S. Forest Service spoke before the meeting of the Lions Club last night, telling of plans by his department during the coming months. Dr. Ben King presided as president for the first time.

Severs Here—

Mr. and Mrs. Ray Severs and twi ndaughters of Hayward visited local friends this week, enroute to Lake Tahoe.

State Employes To Hold District Meet Here On July 20th

Preparations are being made for the reception of members, families and guests of the California State Employes Association at a regional meeting of Region XVI here Saturday, July 20, Roger Stinchfield, in charge of arrangements, announced.

A special afternoon and dinner meeting for Donner Chapter No. 56 is being planned with the meeting scheduled for 2 p.m.

The group is scheduled to meet at Donner State Memorial Park at noon where a picnic is planned with facilities for every member of the family. Soft drinks will be supplied by the chapter but the families are asked to bring their own lunches.

The families will enjoy the outing at the lake while the members attend the meeting at Smart's Cafe. Speakers will discuss retirement, civil service, state officers and their duties and other subjects of interest to members.

Dinner will be served at 5 p.m. at Smart's.

A large number of members and guests are expected and a full program of events is being outlined.

'Motorland' Gives Local Area Boost

The July-August edition of Motorland, the official publication of the California State Automobile Association, features a 10-page, beautifully illustrated article entitled Tahoe-Sierra, a region unique in surpassing beauty, infinite variety and a glowing background of history.

The article was prepared by the veteran scribe, D. R. Lane, who made a lengthy personal survey of the region, obtaining facts and figures which sets the story apart from the usual casual article on this popular subject.

The five-color photographs used in illustration provide a souvenir to be relished. The pictures include a full page of Lake Tahoe, a smaller one of Donner Lake, a large colored chart of various points of interest and various other attractive illustrations.

The story is beautifully done by Lane, who describes the history and background in bringing his reader uptodate with a forecast of the 1960 Winter Olympic Games. While primarily designed for the traveler, the article is excellent for local consumption, bringing even some of the old-timers uptodate on the story of Tahoe-Sierra.

To top off the issue, Motorland has devoted its front cover to a picturesque color photo of Lake Tahoe. The author and editor of Motorland are to be congratulated on a job well done.

TWO PIONEERS OF THIS AREA EXPIRE

Last rites for Herb Rowe, 73, pioneer resident of Hobart Mills, were held at East Lawn Cemetery in Sacramento onday. Rowe expired at his home in Graeagle Friday. He was a native of Virginia City, Nev., and had spent his entire life in the lumbering business.

He went to work at Hobart Mills when 16 years of age and remained until the mill closed in 1936, moving to Graeagle.

He was a member of Truckee Lodge No. 200, F&AM and visited here on Memorial Day to decorate graves of his family in the Truckee Cemetery.

Rowe leaves his wife, Dell; a brother, E. C. and a sister, Mrs. Bessie Teeter, both of Sacramento.

Word of the passing of another old-time local lumberman, Arthur Davies, 83, was received by friends this week. Davies, who once owned a mill near Truckee expired in Oakland June 18.

Parke-Davis Officials Visit At Loynd Home

Several officials of the Parke-Davis Company spend the weekend here as guests of Mr. and Mrs. E. L. Loynd and Mr. and Mrs. W. A. Loynd. They included H. J. Loynd, the company president from Detroit, Mr. and Mrs. Carl Tasker, the former the branch manager of the San Francisco office, Mr. and Mrs. William Raleigh of the Los Angeles office, Frank Jochems, the Denver branch manager and Mr. and Mrs. William Loynd of San Francisco.

Airport Strip May Be Used As Meet For District Set

Meeting Of Placer Group Is Set for Tahoe On August 9th

In his daily column in the San Francisco Examiner, Herb Caen announces that "The Lawrence Warehouses interests are bankrolling a new DC-3 airline service the planes'll take off from Int'l to Tahoe—called Holiday Airlines; Airport and land on a strip near Truckee."

It may be presumed locally that this means the strip just south of here on the Brockway Cutoff, although local airport officials have not been notified and have made no arrangements for such landings, C. Edmunds, committee chairman, declared.

Call Hearing

In the meantime a public hearing on the formation of the proposed Tahoe-Truckee Airport District has been set for 10 a.m. August 9 in the Tahoe City Community Hall by the Placer Board of Supervisors.

The port, as proposed, would be located on the shortcut just south of here and would be principally in Nevada County. The district boundaries would follow those of the Tahoe-Truckee Unified School District.

Private firms are offering to finance the cost of installing facilities and this would relieve the district of any financial obligation, Edmunds has pointed out.

More Citations To Construction Firm

The Gibbons & Reed Company of Utah, contractors four-laning U.S. 40 between Floriston and the Nevada stateline, who were recently cited for operating 13 huge dump trucks without registration, now face an additional charge filed by the California Highway Patrol.

Last week, the company was cited for employing a truck driver without a chauffeur's license and the driver, Douglas Hutton of Truckee was cited for not having a license.

Recently a passing car was involved in a mishap with one of the huge trucks but it was not learned whether or not this had any bearing on the recent citations.

The previous charges, which involve a considerable sum of money if the vehicles used in construction are required to be registered, is scheduled to be heard before Judge F. W. Wilson in the Truckee Judicial Court next Wednesday.

The case may set a precedent in California and change the status in construction bidding on public works.

Fingerling Trout Being Brought Into This Area

Fingerling trout are being brought into the Tahoe Fish Hatchery this week by truck from Hot Creek Hatchery near Bishop and the Mt. Shasta Hatchery, according to Allen Pollett.

Lakes of Placer, El Dorado, Alpine and Amador Counties are receiving the small trout by airplane, with a total of 630,000 fingerlings being handled within the next week.

This will be the final operation of the Tahoe hatchery, as it was closed to production last year. Five hundred thousand fingerling trout are being planted in mountain lakes of Nevada, Plumas and Sierra Counties via airplane.

AIRLINE TICKETS ON SALE BY RAILROAD

International and domestic airline tickets for Trans World Airlines' flights are available to Truckee residents at the local Southern Pacific station, Earl K. Stice, SP's agent here, announced today.

This new service to the traveling public becomes effective Monday, July 1, Stice said.

Truckee is one of the 237 western communities to be covered by the broadened service in Arizona, California, Louisiana, Nevada, New Mexico, Oregon and Texas where TWA is not now represented.

Shenandoah National Park in Virginia contains an outstanding portion of the Blue Ridge Mountains.

SUNBEAMS

By WALTER M. BARRETT

We are still a trifle concerned over the progress of the proposed zoning of this area. Land owners at Squaw Valley have asked the Placer County officials to come to their aid in a zoning program to prevent an influx of undesirable commercial ventures and to keep the beauty of the valley intact. We in Nevada County may also find that the need for this type of program is most essential if we are to retain a semblance of order during the next two years. Property values are often based on the surrounding properties and unless an adequate plan in presented and carried out, the values here may decline instead of advance as could be expected from the potential development of the area. Months ago a program was started. It gained momentum for a time and created enthusiasm. Then, almost as quickly as it came into existence, it died out and during recent weeks not a whisper of progress has been reported. It is important to carry through on this type of program. An ordinance to enable the zoning was passed, but cannot do the job which must be done.

Fires Frequent As Forest Gets Dry

The dry conditions throughout the area are presenting a dangerous fire hazard and extreme caution is being urged by the forest service and fire departments.

The Volunteer Fire Department responded quickly to two fires Monday, holding to a minimum the loss in the Anthony St. Claire home on Donner Lake where $2000 damage from fire and smoke resulted from a blaze which started in the basement.

Mrs. St. Claire was in an upper room and did not notice that a down-draft of air had sent smoldering embers out of the fireplace into the basement room until the house was well filled with smoke.

An incipient blaze at the Denney Lumber Company plant the same day was quickly extinguished by the department with only small loss.

Henry Toccalini, of the U.S. Forest Service reported that a carelessly tossed burning cigarette started a fire Friday evening west of Hirschdale between Highway 40 and the Truckee River. No damage resulted due to the quick work of the suppression crew.

Continued dry hot weather has left the forests and brush tinder dry and easily ignited, Toccalini said. Everyone is asked to not only be careful to prevent fires but to report immediately any sign of carelessness which might result in a conflagration.

BANK OF AMERICA BUYS LOCAL BONDS

Lee Apple, manager of the Truckee branch, Bank of America, reports that the Placer County Board of Supervisors has sold $250,000 worth of Tahoe Truckee Unified School District bonds to the Bank of America, the only bidder.

The bank's bid, opened Monday, listed the average net interest rate at 4.5033 percent. The total amount of interest for the 20-year bonds will be $129,471.

Tahoe Boy Is Winner Of Washoe Golf Meet

Winner of the 15-under age division of this week's Junior Chamber of Commerce gold play at Washoe County golf course in Reno was Carl Park (Parky) Bechdolt of Tahoe City. Dave Deming, was runner-up to Bechdolt in the younger age group, while Don Clark and Ed McNeil finished one-two in the 18-under section.

All four boys will represent northern Nevada at Las Vegas' plush Desert Inn Country Club July 20-21 for the Nevada state Jaycee golf championships. Winners there will qualify for play in the nationals at Columbus, Ohio.

Date Noted—

Mrs. Harry Stout observed her birthdate on July 9.

Truckee River Bill Signed By Knight Over Opposition

Law Prevents Closures On River By Commission Directive

Over protests from outside interests, Gov. Goodwin J. Knight this week signed Senate Bill 785 by Senator Harold T. Johnson of Roseville which would prohibit the state fish and game commission from closing portions of the Truckee River to all but a select group of fishermen.

During the past two seasons, the commission has arbitrarily closed portions of the popular stream to all but users of artificial lures, depriving bait fishermen of the use of the river in the closed sections.

Last year the stream was closed from Truckee to Boca and this year from Hirschdale to the Nevada stateline.

The bill was sponsored by the Truckee Outdoor Sportsmen, which vigorously opposed the closures on the basis of discrimination against bait fishermen who have frequented the river for many years.

The bill added to the code Section 15.5 which reads:

The commission shall have no power to restrict any river, stream, lake or other body of water in Placer, Nevada and Sierra Counties to fishing by use of artificial lure only.

It also adds Section 5512 which reads the same as Section 15.5.

Zoning Aid Asked For Squaw Valley

To assure protection against the construction of undesirable buildings and the influx of get-rich-quick promoters, the Squaw Valley Property Owners Association has asked the Placer County officials for help in establishing immediate commercial zoning in the valley.

The request, in a letter to the board of supervisors, declared an association zoning committee, headed by Henrik Bull, has been formed.

Bull, in the letter, asked no special commercial permits be granted in the valley until permanent zoning is adopted.

The supervisors turned the letter over to the county planning commission.

Bull wrote the association adopted a policy statement requiring the association zoning committee to cooperate with the county planning commission "for the suitable zoning in Squaw Valley to maintain the alpine nature of the entire valley of the meadowland.

"Recognizing the intense development occasioned by the Olympic Games, it shall be the policy to restrict commercial development to avoid overdevelopment and congestion in the immediate area of the games.

RECEPTION PLANNED FOR NEW PRESIDENT OF LOCAL GROUP

Members of the Truckee Outdoor Sportsmen are planning a real reception of their new president, Frank Fox, on Friday evening, July 19 at Capitol Hall.

Charles Osburn, vice president of the club, who is in charge of the arrangements, said that rather than interfere with the Friday night fight program on TV, a set will be setup at the Capitol and that immediately following the fights the group will adjourn to the hall above where a free spaghetti dinner will be served to the members.

Since the affair is open only to members, Osburn suggested that those wishing to affiliate with the club take this opportunity of getting in and getting acquainted.

At Silver Creek—

Mr. and Mrs. G. E. Graham, staying at their summer home on Silver Creek, have as houseguests, their son and daughter-in-law, Mr. and Mrs. Eugene Graham and two children. The Grahams reside at Berkeley.

S.P. President Here—

D. J. Russell of San Francisco, president of the Southern Pacific Company arrived in a private car, "Sunset" for his annual Fourth of July weekend here. Members of the family accompanied Russell on the trip.

400 Expected Here To Participate In Square Dance Fete

More than 400 square dancers are expected for the second annual July jamboree to be held Sunday afternoon and evening in the gymnasium of the Tahoe-Truckee High School.

The final arrangements for this festival are rapidly being completed by the Donner Dancers and the Tahoe Twirlers, the two sponsoring clubs, for this event.

The committees from the two clubs have received help from the North Tahoe and the Truckee Chambers of Commerce, according to Darol McGihon, president of the Donner Dancers and Walt Pope, president of the Tahoe Twirlers.

According to McGihon and Pope, the dancers will hear a large number of callers since the clubs feel that much of the enjoyment in this type of festival comes from dancing the squares each caller likes to do best.

The festival will start at 1 p.m. with four hours of round and square dances. From 5 until 7 there will be a supper recess, with many of the dancers planning to attend an informal picnic at Donner State Park. Dancing resumes at 7p.m. and is scheduled to last until 10.

Admission to both sessions is free and all dancers and spectators are cordially invited to attend.

Soft drinks and coffee concessions will be handled by the Truckee Elementary P.T.A. and the Kings Beach Women's Society of Christian Service.

Tom Zeme, president of the Sierra Nevada Folk Dance Council, will provide the public address and music system for this council approved festival.

County Pay Raise Bill Is Approved

SACRAMENTO (CNS) — Governor Goodwin J. Knight announced today he had signed into law AB 173 by Assemblyman Francis Lindsay of Loomis which increases salaries in Nevada County.

Under the bill, the auditor's salary would be increased from $2400 to $3600 and the district attorney from $6000 to $7200. Mileage allowances for supervisors is increased from 6 to 10 cents with a limit of $40 per month. Superior court jurors will receive 10 cents a mile for each mile traveled from their residence to the county seat and grand jurors' per diem is increased from $6 to $7 for each day's attendance.

FEW ANIMALS GET RABIES TREATMENT

Wendell E. Dungan, area sanitarian of the Nevada County Health Department said that due to short notice on the vaccination of dogs and cats in the Truckee and Donner Summit area, few received the treatment.

Those interested in having their pets vaccinated against rabies may still take advantage of the opportunity at the reduced price of $2 per animal by writing the Nevada County Health Department, P.O. Box 92, Truckee or phone LUther 7-3670.

Dr. Stuart Dingwall is vaccinating animals at his animal clinic on the Truckee River, north of Tahoe City.

SALE OF SANDERS WATER WORKS ASKED

Mr. and Mrs. Joseph H. Sanders of Sacramento have filed an application with the Public Utilities Commission of California to sell the Sanders Water Company to the Truckee Public Utility District.

The negotiations between Sanders and the district has been going on for several months.

The Sanders Company has been serving approximately 23 customers east of Trout Creek and the price offered by the district is $1000. The district plans to improve the service.

The Southern Pacific Company which was one of the big users of the Sanders system has discontinued use of the waterand since chlorination of the supply is necessary and constant care needed, the district is taking over the facilities to improve and continue the service.

At Capital—

Mr. and Mrs. C. Z. Smith last week were Sacramento visitors.

Legal Action For Olympic Land Is Taken By State

Negotiations Fail As Move Started To Condemn Needed Land

Hopes of planners that work on the first phase of the huge construction job to prepare Squaw Valley for the 1960 Winter Olympic games could be well under way this summer vanished yesterday as negotiations between attorneys for Mr. and Mrs. Wayne Poulsen, principal land owners and representatives of the California Olympic Commission ended in another deadlock, with technicalities barring progress.

H. D. Thoreau, executive secretary for the commission met for several hours with the Poulsen attorneys in Sacramento yesterday and reported no progress whatever in negotations.

No future meeting was scheduled and while the door for friendly agreement remains open, the state public works board speedily approved plans for the commission to file condemnation action to obtain the land necessary.

Thoreau, acting for the commission following a meeting in San Francisco Monday when a resolution was adopted asking authority to bring condemnation proceedings, explained that 12 meetings since March 1 between state representatives and the Poulsens had produced "progress" but no final agreement.

He said the state wants to take title to 62 acres of the Poulsen's land, plus an easement on another 11 acres.

"The International Olympic Committee is watching, day to day, our steps to get this project in motion," commented John Pierce, the board chairman. "They could withdraw the games from the United States and that would be a very tragic thing after we have spent so much effort to get the games to Squaw Valley."

Thoreau said plans call for an expenditure of about $900,000 of state funds on the Poulsen lands proposed for acquisition.

"I can't see the taxpayers investing $8,000,000 in Squaw Valley without the state's interests being fully protected," Pierce added.

A condemnation action is now scheduled to be filed in the Placer County Superior Court by the attorney general.

At Monday's meeting, Commission Chairman Charles R. Blyth explained that the group in taking the action was not closing the door to negotiations, but was protecting the state's interests in a last ditch stand to provide needed land for the facilities.

Samuel Schenk, one of the Poulsen attorneys, said there remained only one coures for his clients and that was to prepare to fight the condemnation action unless the state agreed to conditions offered by his clients.

New Trailer Park Is Open Near Here

Truckee's newest industry and one which is expected to fill a vital need in the community opened this week when Mr. and Mrs. E. A. Hedlund announced that 76 units of their Sierra Mobile Village is ready for occupants.

The new and thoroughly modern court is located just west of the Brockway Cutoff, a mile south of Truckee on an eight-acre tract purchased from the Truckee Public Utility District.

The owners are currently landscaping the village, installing patios and lawns and a modern utility building is near completion.

Each unit will have all needed facilities including telephone, electricity, water and various other services. All wiring is underground and the court is expected to provide modern services to patrons.

The owners propose to increase the capacity as the need arises, having ample space without crowding. Moderate rental rates have been established, Hedlund said.

Kielhofer Promoting New Product In West States

Karl (Moke) Kielhofer, well known here where he spent most of his life, is now associated with a national distilling firm and has been appointed to represent the Four Roses Distillers to supervise the introduction of a new gin throughout the western division.

Kielhofer is former vice president and sales manager for the former Argonaut Linquor Company of Sacramento.

He is in charge of sales promotion, marketing, advertising and merchandising the new product. Kielhofer has a summer home on Donner Lake and owns property in Truckee where his son, Karl, Jr., resides.

Fish On Fourth—

Mr. and Mrs. Frank Fox entertained his brother-in-law and sister, Mr. and Mrs. Herbert Grindstaff of Playa del Rey. The family group went trout fishing during the week end.

NATIONAL FOREST TIMBER FOR SALE

Oral auction bids will be received by the Forest Supervisors, U. S. Forest Service, Nevada City, California, beginning at 2:00 p. m., August 5, 1957, for timber offered for sale in the Juniper Unit, Tahoe National Forest. Each bidder to participate in the oral auction, must submit a sealed bid to the above address prior to the time set for the beginning of the oral auction. A certified or cashier's check, bank draft or money order in the amount of $5,000.00 must accompany each bid to be applied on the purchase price, refunded or retained in whole or in part for actual or liquidated damages in accordance with the provisions of the bid. Sealed bids will be opened at 2:00 p.m. and those which meet the requirements in the advertisement will be considered the equivalent of an oral bid and will be posted for the information of all bidders. The offering is for all live and recently killed (sound sapwood) timber, marked or designated for cutting and removal prior to December 15, 1958, estimated to be approximately 1,570 M feet b. m. of ponderosa pine, western white pine, lodgepole pine, white fir, and red fir, on an area embracing about 480 acres within Sections 2 and 12, T. 17 N., R. 17 E., Section 34, T. 18 N., R 17 E., and Sections 18 and 30, T. 17 N., R. 18 E., M.D.M. In addition, there is an estimated volume of older-dead (unsound sapwood) timber on the area, the cutting and removal of which will be required. The minimum acceptable bid price for the live and recently-killed timber is: For ponderosa pine $27.30 per M feet b.m. which includes a base rate of $11.40 for stumpage plus an additional $13.15 for stumpage, a required deposit of $1.75 for sale-area betterment and a required deposit of $1.00 per M feet b.m. for slash disposal. For western white pine $22.50 per M feet b.m. which includes a base rate of $9.00 for stumpage plus an additional $10.75 for stumpage, a required deposit of $1.75 for sale area betterment and a required deposit of $1.00 for slash disposal. For lodgepole pine $6.00 per M feet b.m., which includes a base rate of $0.75 for stumpage plus an additional $2.50 for stumpage, a required deposit of $1.75 for sale area betterment, and a required deposit of $1.00 for slash disposal. For white fir and red fir $6.70 per M feet b.m., which includes a base rate of $0.50 for stumpage plus an additional $3.45 for stumpage, a required deposit of $1.75 for sale area betterment and a required deposit of $1.00 for slash disposal. The prices bid for stumpage for live and recently-killed timber shall be considered as tentative rates subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the average of the Western Pine Association lumber price indexes, as calculated by the Forest Service at the end of each calendar quarter, and the base indexes which are the arithmetic averages of the Western Pine Association lumber price indexes for the months of June, 1956, through May, 1957. Such adjustments in price for stumpage shall be applicable to timber scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the adjusted stumpage rates for each quarter be less than the base rates as stated above. The merchantable volume of older-dead (unsound sapwood) timber will be paid for at the following rates which will not be subject to quarterly calendar adjustment: For ponderosa pine $13.15 per M feet b.m. For western white pine $11.25 per M feet b.m. For lodgepole pine $3.00 per M feet b.m. for white fir and red fir $2.85 per M feet b.m. The right to reject any and all bids reserved. Before bids are submitted, full information concerning the timber, conditions of sale and the submission of bids should be obtained from the District Ranger, Truckee, California, or the Forest Supervisor, Tahoe National Forest, Nevada City, California.

Fingerprinting Is Olympic Problem

Avery Brundage is quoted by an Associated Press dispatch from New York with hinting that diplomatic difficulties may lie ahead for the 1960 Winter Olympic Games at Squaw Valley.

The state department, he said, has been asked whether it will waive the fingerprinting of athletes from communist countries, but has not answered.

"At our meeting in France just concluded, I was unofficially asked if their athletes would be fingerprinted," he said. So far, communist citizens have refused to submit to American fingerprinting.

"Under the Olympic rules any country which holds the games must give visas to the visiting athletes."

Among Iron Curtain nations, the United States does not recognize either Bulgaria or Red China both of which are represented on the international Olympic committee.

Brundage appeared optimistic over the preparations at Squaw Valley. He said he was informed on his arrival here that the organizing committee now can condemn what land it needs.

"When Squaw Valley applied for the games we told them they would have to get $5,000,000, and they did. Now it looks as if they need $10,000,000 so they must go back to the legislature for more."

The Portal of Peace at Blaine, Wash., on the 49th parallel, marks the boundary between the United States and Canada.

TIMELY TIPS

by MRS. MARIE HENRY

Avoid using foods or liquids that might be contaminated. Know what you can eat or drink safely. If the emergency lasts for several days and there is no danger from radioactive fallout, bury your garbage. Provide for the disposal of human wastes in covered containers in case flush toilets are inaccessible or not working. Never expose human wastes to disease-carrying insects or animals. That's how epidemics start. Learn to make soil bags for emergency use if your other sanitary arrangements fail.

* * *

Today, July 5th, is a memorable occasion for me. For it was just one year ago that I suffered the stroke that sent me to the hospital and paralyzed my entire right side. Today, just one year hence I am well on my way to complete recovery and as good as new once again.

I attribute my quick recovery and high spirits to my faith in God, my irrepressible Irish determination and five excellent doctors who guided my path to recovery.

* * *

Up to around noon on the fifth no accidents had been reported despite the crowded highways. Only a minor incident which slightly dented a fender on Dr. Fabian's car at Tahoe Pines when a car turned in front of him was reported. The Coast Guard had no boating mishaps up to the same time.

* * *

The fourth was a gala day for the Swanson clan. Daughter Marie Steenis and son Billie of Reno, Mrs. Chloris Mathewson and two daughters, Karla and Marilyn of Sparks, the James Bakers, and children Yvonne, Richie and little Pam, and myself, enjoyed a day at crowded, but beautiful, Meek's Bay, and took our first run up the two-mile road from the Meek's Bay highway to Camp Wasiu, summer playgrounds for members of the Brownies.

* * *

Dr. Joseph Salpeck and family of Marysville have leased the Art Sather summer home next to Homewood Hotel for the month of July. The Sathers and daughter Mable of Auburn, and nephew Delbert Miller of Sacramento are occupying the new cottage on the lakeshore. Tom Shaves of San Jose was a recent houseguest.

* * *

A recent visitor of note at Tahoe City was Lulu Bell Miller, famous Indian basket weaver, a niece of the even more famous Dot-So-La-Lee. She came to visit Carl Bechdolt, Sr., with her son and grandchildren from the Carson Indian Reservation. Lulu Bell was employed by the senior Bechdolts when she was only 14 years old at Old Moana Villa near Chambers' Lodge.

* * *

Few persons were aware of the presence of the popular actor Lyle Talbot, his wife and three children, of Beverly Hills, during their 10-day vacation stay at the Quiet Motel resort of old friends, the Howard Guths of Tahoe Lodge in Sunnyside. They were accompanied by Mrs. Talbot's parents, Mr. and Mrs. Eppell.

* * *

Mrs. Edith Bickford Weatherhead of Sacramento "kept house" for the Barney Morrows of Tahoe City Fernando Valley to the little town when they motored down to San of Reseda to visit with their son-in-law and daughter, Mr. and Mrs. Joseph V. Facha and little daughter, Janet. Mrs. Weatherhead is somewhat of a celebrity to old-timers at Tahoe for in the winter of 1950 she alone saved the Tahoe Community Center from burning to the ground.

* * *

An overnight pack-trip to Needle Lake on horses from Bud Jones' stables at Squaw Valley proved highly enjoyable to Mrs. Alice Sigurdson and son Siggi, guests at her mother's home in Tahoe Park, from Iceland, and Mr. and Mrs. Malcolm Fox of Squaw Valley, Mrs. Soll's son-in-law, Louis Gerkins of Sacramento, arrived on Monday for a week's vacation which he plans to share with the Norman Dewhursts of Ward Creek water skiing behind Dewey's speedy little boat.

* * *

Guests enjoying the long holidays at the A. A. Snyder home in Lake Forest are Mr. and Mrs. E. R. Harvey and grandson, Wayne Henninegar, all of Roseburg, Ore.

Sgt. Samuel White, former sector sergeant for the Tahoe-Reno area has been transferred to Elko, Nev. He has been succeeded by Sgt. Paul Hughes who will visit Mrs. Marie Henry, supervisor of the G.O.C. here, every three or four weeks. Ssergeant Hughes and Sgt. John Hightower of Reno's G.O.C. were visitors here last week.

Latest word from the hospital bed at Washoe Medical in Reno of Frank Daft of Pineland indicates he is holding his own and is undergoing electric therapy for his injured back which, if successful, may eliminate the need of surgery. His many friends are wishing him good luck.

Bill Williams, an employe of Tahoe City's Bell Telephone Company, is showing improvement at Tahoe Forest Hospital where he has been receiving medical treatment for the past several weeks.

Loren Holmwood, internationally known artist, and owner of the Viking Village Gift Shop at the Truckee River bridge near Tahoe City, has returned from Hawaii where he spent the winter months. He plans building an artistic rock fruit stand across the highway from the shop which will provide tourists and natives alike with the finest of fresh fruits at a modest cost all season. Recent guests were his brother, Nelson Holmwood, and wife and son Loren, of Laguna Beach. Twenty-year-old "little" Loren, as he is called by the family, will remain all summer to assist around the shop while his parents motor on up to Alaska for a leisurely vacation.

Bob Bingham of Sunnyside Ski School last week spent four days in San Francisco on business.

Mrs. Evelyn Gehlert of Tahoe Park is back at the Tahoe City telephone business office after having attended telephone school at Marysville.

Mrs. Hazel Smith of Santa Rosa is the houseguest of Mrs. Jeannette Mitchell at her home in Sunnyside.

* * *

Starting July 7 services at all Catholic Churches will be changed at the lake. Masses at Tahoe City's Corpus Christi Chapel will be at 8, 9:30 and 11 a.m. and at 5 p.m. At Kings Beach at 8:10 and 11:30 a.m., and at Meek's Bay at 12 noon each Sunday in the field across from the theater.

* * *

The many friends of Mrs. Mary Chisholm, who has been so ill for so long in the Long Beach Veterans Hospital will be saddened to learn that she passed away on July 1. Her constant companion at her bedside was Mrs. Ruth Droste who has been residing in Los Angeles for some time now.

Mrs. Chisholm and her pet dachshund "Pootzie" were familiar sights at Tahoe and were especially popular with the children. She always called herself "The Man Who Came to Dinner" as she came to Tahoe with the intention of visiting briefly with her old friend, Mrs. Droste, and remained for eight months. Her passing will be regretted by all who knew her.

* * *

Art Frodenberg, gate tender at the Tahoe City dam, and Tahoe's weatherman, declares that .57 of an inch precipitation was registered during Tahoe's sudden and violent rain, hail, thunder and lightning storm which struck this area on Saturday at 3:40 p.m. and lasted until around 7:45 p.m. Hailstones as large as mothballs pelted roofs and whitened the landscape in a matter of minutes, driping like snow from the eaves of houses, and remaining for several hours afterward. In the Bittencourt Tract in Tahoe City lightning struck a larke tree behind the Ida Simmonds' home, now being occupied by the Earl Yeagers. Mrs. Yeager ran out to see that no fire had resulted from the lightning, then hurried back to the shelter of her house.

There are 15 3-4 miles of drives and roads in San Francisco's Golden Gate Park.

STRICTLY STRICKLAND

By Bill Strickland

I wonder whatever became of the very elaborate plans for the development of the property adjoining the Donner Trail Elementary School? I recall talking to some of the prinicipals involved about this time last year, and I must admit I was very impressed with the proposed plans, but obviously there is more involved than talk and plans. It takes money, and that little item is harder to come by than anything else. Hope the development is realized though. It would certainly be an attractive addition to our Mountain Top.

* * *

Miss seeing our winter sports crowd during the summer months. Once in awhile some of our ski regulars drop by. This past week we saw four of our regular looking at the green hills and ski slopes. Ardelle Kelly of Oakland looked at the Soda Hill and holy smoked: "Were we skiing over those logs and boulders last winter?" Of course there is a vast difference when the hill is covered with 10 or 12 feet of snow. Also up with Kelly were Jackie Overstreet and Bev Schirmer as well as georgeous George Kaplanis, the Golden Greek. George hosted a party in San Francisco the end of last ski time. There was quite an exodus from the Hill for it, along with a lot of bay area people—about 125 all told, I'm told.

* * *

You can see a lot of activity from my front porch vantage point. I spotted a big yellow Packard hardtop in front of Soda Springs Hotel the other day. Pretty soon Dennis and Muriel Jones and Lee and June Forster appeared, climbed in, and disappeared out the road toward the Sugar Bowl. From the same vantage point we've seen boys being delivered by parents to the Scout Camp at Camp Pahatsi. Also several cars full of gals attending the West Contra Costa Girl Scout Camp out toward the Palisades.

* * *

VIV-ID colors filled the sky over Donner Lake the night of the Fourth. As has been our custom for many years, we make a tour of the area during the big holiday weekends. This, of course, was a summer event, but we thought we could take it in from a distance; so we hied up to the look-out on the summit. Evidently everyone else on the Hill had the same idea. Watching from a distance, I mean. When we arrived just before dark, cars were already parked three deep. We drove on down the grade to Windy Point before we found a parking space. The fireworks display was certainly worth the trip, though.

* * *

I noticed for the first time summer activity around the Mercury Ski Club. This club, located just below Beacon Hill Lodge, is alive with activity in the winter, but as a rule has been closed during the summer months. Guess maybe the members are finding out that our Mountain Top offers a variety of entertainment in the summer too. Anyway, its nice to see it being used all year instead of seasonally.

* * *

Love to watch the small fry perform, and especially those who are being trained and coached. A few nights ago the Lillian Keber School of Ballet of San Carlos gave an exhibition at Donner Summit Lodge. About 60 people attended and were really entertained by this troupe. You see, the interesting part was the ages of the performers, from six to 14. And if you've never seen a six-year-old making with a pirouette, a la Nijinsky, you've missed something.

* * *

You can see a lot of your old friends, too, if you wait long enough. During the days of the depression, it was my good fortune to have an opportunity to learn the hotel business by working at the Ahwahnee in Yosemite. Another young man was doing the same thing, fellow named Arnold Birch. Anyway, Arny and his family are the guests of Edvi and Betty Aro for a while this summer. So what happens? We look across the road there the old boy is, as big as life and twice as sassy. The one thing about Arnold that we recall most clearly was the way all the gals wanted to dance with him. The boys in the valley dubbed him "Twinkle-Toes"—remember Arnold?

* * *

Dearly love the message appearing on car bumpers lately. "Keep California Green . . . With Money."

PILING REMOVED AT LAKE FOR EVENTS

TAHOE CITY—One hundred and ninety pilings which were driven into the lake at the turn of the century as a breakwater for the lake steamer, Tahoe, are being removed to clear the waters in front of the Tahoe City pier for the coming Gold Cup races and other boating activities.

Long a hazard to boating, the breakwater is one of many relics of the logging days of the Comstock Lode area. Norman Mayfield recalls that the tavern was built in 1901 and the Tahoe City breakwater "at about the same time" to provide shelter for the lake steamers from prevailing southwesterly storms.

The Tahoe, most luxurious, largest, and the last of the lake steamers was scuttled by its builders and owners, the Bliss family of Glenbrook, Nev., on the night of August 29, 1940 to bring to a close the days of large boats on the lake and to leave the long breakwater outmoded and useless.

After years of discussion between the federal government which claims jurisdiction over the water and the State of California which claims the land and taxes pier-owners, the U.S. Army Engineers contract this spring with the Garfield Tree Service of Sacramento for removal of the old pier. The job will be finished this week.

FIRST BIBLE SCHOOL SECTION IS OPENED

TAHOE CITY—With a registration of 36 the first day, the first section of daily vacation Bible School opened this last week to all children of the area from four years of age through the fourth grade. Miss Caroline Hansen and Miss Marianne McDouglad are the teachers of this Bible Church sponsored school for youngsters. The teachers announce a demonstration program to show what the children have been doing and learning for Thursday evening at 8 p.m. in the Community Hall where the school is held.

Mothers have been helping each day with registration and cookie serving which leaves the teachers free to work entirely with the children. Mrs. C. E. Bosen has been piano accompianist for the school. Stories from the Bible and a continued story of Yugi, a Japanese boy, are fascinating the youngsters. A Bible Bee plays a part in each day's activities.

Friday, July 19, will be a picnic day with lunch and games on the Commons before the last class of the school.

It is not too late for children to join this last week if they would like to do so.

NEWS NOTES FROM TAHOE

By Naomi McLane
(Tahoe City, Box 711. Ph. 246-J)

The Bomb

There was once "a shot heard round the world" in connection with the birth of our own nation. Now is the time of great and terrible light which, when it reaches clear around the earth, means the death of us all. Usually light means warmth and comfort and a place of shelter. This light from the testing grounds of Nevada means none of that. Perhaps enough has been said and written about the deadly powers of the bomb. No, I don't think enough has as long as our representatives in Washington continue to look upon the hydrogen bomb as just another weapon to test and work out. Each test is adding unknown amounts of radioactivity to the atmosphere and the weather bureau now admits that the fall-out of strontium 90 is not in an even pattern but fails heavier here than there as displaced winds carry it. Northern portions of the United States have received far more than anticipated when it was suggested that the fall-out would be uniform and that we could "stand" about 60 more years of the kind of testing we have had. With the hydrogen bomb we are playing with the stuff of the sun and the stars and that is wonderful but I think we should let our congress, our president know that, since we are capable of such an invention, we want it "cleaned up" which scientists say is possible, and kept in abeyance as a reminder to ourselves that war can be more! All of this because the beautiful light from the proving ground lit up our whole forest the other morning and such power can only lead to somber thoughts.

LIVE BETTER ELECTRICALLY
LIGHTNING and WATER METERS

You are in greater danger of being struck by lightning than you are of being overcharged by a water meter.

If you receive a high water bill the first thing to look for is waste. Possibly you have used more water than you thought, naturally resulting in a higher bill.

If you can't account for your usage or waste, ask the District to re-read your meter.

Occasional errors do occur in reading a meter. If read high or low one month the reading would be correspondingly low or high the next month and thus the billing would correct itself.

On re-reading, if indications are that the former reading was correct, then get a plumber on the job.

There is nothing physically possible to make a meter run correct one month and fast the next except the water that goes through it.

TRUCKEE PUBLIC UTILITY DISTRICT
A Tax-Saving, Public Service Enterprise

One of the biggest names in Sacramento Music Circus history is that of Kathleen Freeman who will do a repeat performance in the role of Bloody Mary in next week's musical, South Pacific. She is presently being seen in a popular TV series. South Pacific will be followed by Cole Porter's Can Can on July 22nd. The Boy Friend is the current Broadway hit being presented in the tent theater.

Rotary Club

Rotary convened at noon at the Tahoe Inn for a luncheon meeting. Twenty-eight members and 23 visitors were present. Two of the visitors were Secretary W. S. Cluff and B. C. Chedel of the newest Rotary in District 519. Secretary Cluff said they had had but two meetings. A life of retiring President Steve Korich was given an entertainment for the meeting. Korich is a welder and sheetmetal worker so appropriately ate his meal from a barbecue bar kept hot by a blow torch. An officer from Iran served a warrant of arrest for the demoted man as his veiled wife and child from the Iranian desert appeared to embrace her deserting husband. Bill Conners read the rest of Korich's fascinating, and somewhat exaggerated life, bringing it up to date to Tahoe living.

Opens Office

Most of you are aware that Robert J. Wray has opened his Homelite office and tool rental service this summer in the lower floor of the Tahoe City Washerette building and that his watchword is "We Rent Almost Everything." However a special open house day has been set by Bob and Dorothy for Saturday, July 27, for friends and strangers to come in to get acquainted and for the drawing of the lucky number that will give the holder a Homelite chain saw. You should drop in before that date to get your name down. A name from this drawing will be sent to San Francisco for a district drawing on October 10 and then again may be included in a national drawing October 17. The winner of this grand prize will win a Homelite saw which will be renewed each year of the owner's life. However, there is nothing wrong with becoming the owner of a Homelite that you have to keep. But that won't be you if you have not signed up. Coffee and cookies will be serve dthroughout the day.

Swim Lessons

Swimming classes for Tahoe City youngsters will start July 15. Watch for the bus and class schedule which will be posted this coming week in the various stores.

Summer Courses

On July 15 all who are interested the third session of summer courses offered by Sacramento State College begins at Tahoe Lake School. Students may register for the full six-week semester or for any one or more weeks. Registration is each Monday morning from 8 to 10 a.m. Paul Beckman, for seven years an instructor at the college, will again serve as director of the summer school and will also teach his art classes as formerly. Dr. Carl A. Thomas will be in charge of the drama workshop again and Dr. Richard H. Reeve will hold classes and seminars on Indian ethnology. Programs for specific classes and credit information may be obtained at the school registration desk.

Thunder Storm

That thunder storm Saturday (which we of course blame on the atom bomb) was lovely. The one great crack which we were sure split the fine cedar our little cabin crouches under ignored us and instead was seen by Mr. and Mrs. Ken Steddom as it struck a tall fir in their own front yard. It cracked the tree from top to bottom and traced a spiral of broken off bark its full length. Ken removed the tree Sunday morning because of its hazard and found it to be at least 62 years old. The storm brought out a lot of gay though wet blankets on the edges of many camps around the lake. But the warm Sunday sun restored all holiday flavor.

Busy Weekends

Les and Joyce Spitsen had a busy weekend. Joyce's father, Ira Britton, from Madera drove up with his brother, Jesse, from Jacksonville, Texas. Mrs. Jesse Britton and their son, Don, accompanied the two brothers. On the Fourth itself cousins from Santa Cruz, Mr. and Mrs. Kenneth Gideon and their daughter, Janey, joined the family reunion. Also a remoter cousin, Earl Wade Harris, a marine with the Sonora Pass Survival Unit, was able to make two trips back and forth to be with the Spitsens. A sight seeing picnic which included both Carson and Virginia Cities was held for the Texas visitors.

In Grass Valley

Mr. and Mrs. William Larsen and the three children spent the weekend in Grass Valley.

Surprised

The McLanes were pleasantly surprised by a visit from old-time friends in Berkeley. Gil and Lotte Clark and Lotte's mother, Mrs. Ilse Mohr, dropped in Sunday afternoon. Gil is with the Central Sierra Snow Laboratory Experimental Station under the forest service at Norden where they just moved this winter.

Host Supper

A family wedding supper was hosted by Mr. and Mrs. W. C. Vernon at the Crystal Bay Club this last week in honor of the marriage of the Richard Nass's. Nass is Vernon's nephew. The couple were married in Auburn but came up to the lake for a small honeymoon. Mrs. Nass is the former Miss Marie Grey of Burbank. Mr. and Mrs. Hal Farr completed the family party at which a beautiful wedding cake, groom and all, was served as a surprise. Champagne, too.

Marriage Vows

The Ernest Marier home in Lake Forest was the scene Wednesday, July 3, of the marriage of Miss Ernestine Alameda and George Barff, Jr. The double ring ceremony was conducted by the Rev. John L. Karutz, pastor of the Tahoe City Bible Church. The bride wore a white linen two-piece suit and carried an old fashioned bouquet of pink and white carnations. Mrs. Ernest Marier, aunt of the bride, acted as matron of honor and Ernest Marier served as best man. The couple enjoyed a short honeymoon and are making their home in Tahoe City where Barff is employed by the Marier Logging Company.

Out-of-town guests included Mr. and Mrs. James Marier from Idlewyld, Ore.; Alice and Tommy Alameda of Montague, Calif.; Mr. and Mrs. George Barff, Sr., of Little River. Mrs. Don Richter and her daughter, of Truckee, also attended. Among the home-guests were Mr. and Mrs. Amos McGarwin, Mrs. Sam Goss and Mrs. Wilma Karutz.

Visit Jackson

Rev. and Mrs. Karutz of Tahoe City celebrated the Fourth of July long weekend by a visit to Jackson, the home of Mrs. Alice Pool, mother of Wilma Karutz. Son Hugh is spending a few days with his aunt and uncle, Mr. and Mrs. M. A. Pool, at San Andreas. Karutz's finished the holiday with a round trip via Stockton and Sacramento where they visited other relatives and Mrs. Ruth Karutz, mother of Karutz.

Mr. and Mrs. Vic Haney and their son and daughter from Auburn are visiting the Ed Wilson's in Tahoe Pines this week taking in some of the higher altitude air. Also fishing, no doubt.

In College Play

Elise Beardsley earned plaudits last Saturday night for her lead part in an Agatha Christie play at the College of the Pacific Summer Theater in Columbia State Park near Sonora. Miss Beardsley is taking the summer course for credit as well as pleasure.

Enjoy Outing

Mrs. Ethel Joslin Vernon and her daughter, Lillian Farr and Mrs. Helene Rauscher enjoyed a day's outing Wednesday when they hiked up from the road to Eagle Lake which nestles high above Emerald Bay. This was the first long outing in three years for Mrs. Vernon and she loved every flowered inch of it. She reports the area as in the middle of spring and says she has rarely seen so much water in Eagle Creek. Much praise should go to the officers of the state highway patrol in our area who spent another long weekend of no holiday for themselves and gave us an almost accident-free record. Ninety-eight moving traffic citations were given out which attests to the constant work of our force and two auto crashes down the Truckee River involved no injury to people made the only black marks on what is usually a much worse period. Thanks indeed to our patrolmen, Thomas Sheehan and Bud Meixner and to Sgt. Frank Snyder.

Tahoe Items

Mr. and Mrs. O. J. Lockwood and family of Santa Monica are spending their yearly vacation at Tahoe City.

Coming from Petaluma, the Edward Roberts of Sky Blue Waters are at Kings Beach for the season.

LAKE LEVEL

TAHOE CITY—The level of Lake Tahoe Monday stood at 6229 feet with 655 of scf of water leaving the gate. Precipitation from the thunder storm Saturday totaled .57 of an inch. The temperature at Tahoe City has ranged from 40 to 78 degrees during the week.

About 38 million tons of waterborne commerce is handled annually by the Port of San Francisco.

Entertains

Mrs. C. E. Bosen entertained her mother and her sister over the Fourth of July holiday. Both with their husbands are from Temple City. Mr. and Mrs. E. H. Heckler and Mr. and Mrs. J. H. Williams traveled up from the southern city together.

OLYMPIA with pleasure!

For Buick Owners Only

If you own an earlier Buick than our 1957 product, you're probably reluctant to part with it—and who can blame you?

After all—regardless of year or model—there's nothing like a Buick to set you a cut above the ordinary run of mortals—make you feel master of all you survey.

But listen. As wonderful as your present Buick is—we can name at least six good reasons why you should look into a 1957 Buick now.

Six good reasons why you should try this *dream car to drive*—today.

Read 'em—and leap!

6 Reasons To See Your Buick Dealer Today

1. Today's INSTANT Dynaflow*—Response? Whew! Smoothness? Wow! Never in history such a sweet sense of control, security, safety for yourself, your family, everyone else on the road!

2. Brilliant V8 Power on Tap—This big engine—completely new in 1957—blends plenty of eager energy with silky silence. World's most advanced combination of displacement, compression, bore-stroke ratio, nodal-point balance!

3. Zestful New "Nested" Ride—Take Buick's traditional torque-tube, coil-cushioned ride—cradle it to the lowest center-of-gravity in Buick annals—and brother! You never had it so smooth.

4. Buick's One and Only Safety-Buzzer*—What's the safest pace you want to drive at? Whatever it is, turn a dial till that figure appears in a "window." If you exceed that pace, the buzz-zz-z tells you. Simple. Thoughtful. A great safety advance.

5. Unique Ball-Joint Handling and New Braking—Your steering is *amazingly* easy. Your cornering is *amazingly* deft. Your braking stays *on the level*. (And Buick's powerful new brakes dig in for straighter, swifter, safer stops!)

6. Suave Low-Sweep Styling—Clean, crisp, classic lines in the finest Buick tradition—beautiful to look at and live with. Up to 3.4 inches lower, yet more room inside. Including legroom for the folks in the middle!

P.S. You'll like today's Buick prices—and your Buick dealer's high trade-in allowances.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer standard on Roadmaster, optional at extra cost on other Series.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Home From Paris

Just had a delightful visit with Mr. and Mrs. Van Buren at their Crystal Bay home. Van Buren had just returned from Paris, and tells me that he flew the North Pole route, and was not altogether enthused with that way to travel. He talked of being in sunlight with no darkness by traveling with the sun all the way and many other interesting things were talked of mostly of France and Italy and his audience with the Pope. He talked of Switzerland and its beauty, and here we go again, but no place can take over first place from Lake Tahoe, and it was proven by looking out of their beautiful home across the gorgeous lake, made more beautiful by the rain-fall of Saturday. The couple will remain for at least the summer before returning to Paris. I found Mrs. Van Buren a very gracious lady.

Small Fire

The fire department was called out on Sunday afternoon as there was a small fire at Andy's boat pier in Tahoe Vista.

At Summer Home

Mr. and Mrs. Hugh Johnson and two daughters spent a week at their home on the golf course. The Johnsons have been summer residents at the lake for the past 20 years. Mrs. Andy Anderson, sister of Mrs. Johnson, will be up here from Arizona about the first week in August. Sorry to hear that the girl's father has had a stroke in the Veterans Hospital in Napa. He is coming along pretty well now.

Vacation

The George Harrisons of Reno and other relatives of Sam and Audrey Harrison have been spending a vacation at Kings Beach, and by the odor blowing over to tour home they had some wonderful barbecues.

Very Short Stay

The Eybel family had quite a nice week with friends at their home on the golf course. The Eybels are presently living in Bakersfield.

Further Tests

Now I hear that our good friend Ruth Mizner has been taken to St. Marys Hospital in San Francisco. Ruth was doing fairly well, but it was thought that further tests were necessary to make more sure of a complete recovery. Good luck, Ruth.

Clear As Crystal

What a wonderful rain last Saturday. Everything is so green, and the best of it is that most of the pollen was washed away. It has been a pesky nuisance for the past week or so, and everything near trees was covered with that yellow substance.

Wedding

It was a real glorious Fourth for Raymond Claude Rouse, Jr., and Joyce Hope Trozzi when they took the marriage vows at the home of the judge. It was a pretty affair and Aleen Parsons and Elsie Charrison were the witnesses. Both were from Montrose in southern California. They spent their honeymoon at Tahoe Vista before returning to Montrose, where they will make their home.

Visitors

Floyd and Aleen Parsons have been visitors at our home for the past week. They are from Pasadena. Carol Miedema is also a visitor with her daughter, Robin, and she certainly looks like one. Beverley Williams with her two sons, Randy and Scott, is also up for the summer in her new home at Brockway.

Nice Time

I forgot to mention that Jack and Dulce Brandt has as their visitors Dr. Bob and Donna Greenley of San Jose who visited the Lions Club on their ladies' night. Also Dulce has completely recovered from a tonsilectomy which she had lately. Jack has an account office in Tahoe Vista.

Sells The Earth

James A. Wheat, formerly with the health department of Placer County is now in the real estate business at the Tahoe Realty Company in Tahoe City.

Next July 20-21st is the date for the Mile High regatta. This promises to be the biggest ever held on the lake. With this and the big firework display does a lot to keep Tahoe City on the map. There is no doubt this location is one of the best in the world. The whole event may be seen to wonderful advantage by every one present. The commons is filled with things for fun and enjoyment besides the regatta itself. Each year countless men are sent from the sheriff's office in Auburn, besides an array of highway patrolmen under Sergeant Snyder of Truckee.

Big Crowd

Last Saturday was the busiest night in the area especially at the casinos at Crystal Bay. In the Crystal Bay Club it was like last New Year's eve. There was lots of fun and the Ink Spots were real good.

Back To Court

William A. Smith, no address, was arrested by Angelo Chiaratti, deputy sheriff, on a charge of petty theft, signed by Melvin E. Whatton of the Stop 'N Shop in Kings Beach. After a plea of guilty, Smith was given a 60day sentence with 30 days suspended and ordered not to return to the area.

Fined

Robert C. Hooper was arrested by Angelo Chiaratti on a charge of being drunk and being a hazard on the highway in Kings Beach. He pleaded guilty and was fined $75.

Three men, Jerome Venaker, Harry Ray Collins and Louis R. Shores were charged with disturbing the peace at Tahoe Tavern. Each made a plea of guilty and were released aftre paying fines of $25. Constable Harry Johanson and Angelo Chiaratti made the arrest.

The rare earths are becoming increasing significant in modern industrial technology as new uses for these elements are developed.

NOTICE OF INTENTION TO MORTGAGE

NOTICE IS HEREBY GIVEN BY BEACON HILL LODGE, INC., a corporation, whose address is Soda Springs, Nevada County, California, that it intends to mortgage to Placer County Bank, whose address is 874 Lincoln Way, Auburn, California, all of the hotel, cafe, and restaurant fixtures, equipment, and furnishings of Beacon Hill Lodge situated at Beacon Hill Lodge in Nevada County, in Section 22, Township 17 North, Range 14 East MDB&M, all as more particularly described in that certain Chattel Mortgage recorded in the office of the County Recorder of the County of Nevada, State of California, in Book 149 of Official Records, at page 387, et seq., reference to which is hereby made for a more complete description of said personal property and chattels.

That said mortgage will be executed and delivered at Placer County Bank, Auburn, California, on the 17th day of July, 1957.

BEACON HILL LODGE, INC.

By Felice Moriano, President.
By Robert Leando, Secretary.

(CORPORATE SEAL)

STATE OF CALIFORNIA)
)ss.
City and County of San Francisco)

On this 3rd day of July, 1957, before me, the undersigned a Notary Public in and for said City and County of San Francisco, State of California, personally appeared FELICE MORIANO and ROBERT LEANDO, known to me to be the President and Secretary, respectively of BEACON HILL LODGE, INC., the corporation that executed the within instrument, and acknowledged to me that such corporation executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(SEAL)

BETTY D. SAUNDERS,
Notary Public in and for the City and County of San Francisco, State of California.

My commission expires March 22, 1959. j11

TRAILER OWNERS WARNED OF LAWS

SACRAMENTO—Many motorists towing boat trailer with passenger cars and pickup trucks are violating traffic laws, according to the California Highway Patrol:

"This is probably due to lack of adequate knowledge of the rules and regulations particularly by new owners of small boat trailer," Patrol Commissioner B. R. Caldwell stated.

Enforcement action will be taken against all violators, therefore the following are essential points to be reviewed by persons towing these trailers with passenger cars or commercial vehicles weighing under 4000 pounds.

(1) Maximum speed is 45 miles an hour unless a lower speed is posted.

(2) One red tail lamp, a license plate lamp, one red reflector and a stop lamp are required on each vehicle.

(3) Clearance lamps are necessary if the vehicle or load exceeds 80 inches in width.

(4) Mechanical or electric turn signals are required if hand and arm signals are not clearly visible from the rear.

(5) Hitches must be properly and securely mounted, with a legal safety chain to control trailer if hitch fails.

(6) The trailer is required to follow substantially in path of towing vehicle without whipping or swerving.

(7) The towing vehicle must be equipped with a mirror reflecting a view of the highway 200 feet to the rear.

(8) The license plate on the trailer is required to be mounted not less than 12 inches nor more than 60 inches from the ground when the trailer is unladen.

(9) Registration card or temporary permit must accompany trailer.

(10) Combination of vehicles must be equipped with brakes capable of stopping in 40 feet from a speed of 20 miles per hour.

VEHICLE IN LIEU TAX SHARED BY COUNTY

SACRAMENTO (CNS) — State Controller Robert C. Kirkwood reported he has apportioned a total of $91,422,144 to 340 cities and 58 counties for their sharee of motor vehicle in lieu taxes collected for the six months ending May 31.

The money was divided evenly between cities and counties, with each group receiving $45,711,072. Distributed on the basis of population, the cities received about $4.80 per capita, while the counties received about $4.32 per capita.

Nevada County, on the basis of a population of 19,888 received $85,875.

The two cities in the county, with an aggregate population of 8067, received a total of $38,700. Of this amount, Grass Valley received $26,409 and Nevada City $12,290.

STATE LOAN MADE TO JUNIOR COLLEGE

Roy E. Simpson, state superintendent of public instruction, today announced a loan of $40,800 to the newly formed Sierra Junior College District of Placer County.

The funds will be used to hire administrative personnel to prepare a budget for the next fiscal year.

The United States' per capita consumption of paper and paperboard is more than 400 pounds annually.

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS

DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

SEALED PROPOSALS will be received by the Department of Public Works, Division of Highways, at the office of the District Engineer, 703 B Street, Marysville, California, until 10 A.M. o'clock on July 18, 1957, at which time and place they will be publicly opened and read, for performing work as follows:

Nevada County, in Donner Memorial State Park, about two miles west of Truckee (III-Nev-State Park), approximately 0.7 mile of roadway to be shaped, compacted and surfaced with plant-mixed surfacing.

Plans and specifications, and forms of proposals, bonds, and contract may be obtained at the above address.

No bid will be considered unless it is made on a proposal form furnished by the District Engineer, and is made in accordance with the provisions set forth under Section 2, "Proposal Requirements and Conditions," of the Standard Specifications. Each bid must be accompanied by a proposal guaranty in accordance with the requirements of Section 2, article (g), of the Standard Specifications.

The Department of Public Works reserves the right to reject any or all bids.

The quantities listed in the State Highway Engineer's Estimate hereinafter stated, are approximate only, given as a basis for the comparison of bids, and the Department of Public Works does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decraese the amount of any class or portion of the work, or to omit portions of the work, as may be deemed necessary or advisable by the Engineer.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	CLASSIFICATION
$2.75	Apprentice (oiler, fireman, heavy duty repairman helper)
2.755	Asphalt ironer and raker
2.48	Bootman
2.505	Flagman
3.33	Heavy duty repairman
2.505	Laborer
3.55	Power blade operator
2.325	Road oiler
3.30	Roller or self-propelled compactor operator
3.33	Tractor operator (dozer, scraper, compacting equipment and push cat)
2.325	Truck driver (less than 4 cubic yards water level)
2.465	Truck driver (4 cubic yards and less than 6 cubic yards water level)
2.625	Truck driver (6 cubic yards and less than 8 cubic yards water level)
2.85	Truck driver (8 cubic yards and less than 12 cubic yards water level)
2.85	Truck driver (12 cubic yards or more water level)
2.50	Water truck driver—under 2500 gallons
2.60	Water truck driver-over 2500 gallons

Any classification omitted herein not less than $2.325 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

STATE HIGHWAY ENGINEER'S ESTIMATE

Item 1. 40 thousand gallons furnishing and applying water.
Item 2. 35 stations shaping and compacting roadway.
Item 3. 8 tons liquid asphadt, SC-2 (prime coat).
Item 4. 800 tons plant-mixed surfacing.

Roseville Man To Head Junior College Board

Willard Dietrich of Roseville was named president of the governing board of the Sierra College District at the organization meeting in Auburn. William O. Francis of Auburn was named clerk, and superintendent Harold M. Weaver was selected to serve as board secretary.

Other members are Richard A. Lee of Lincoln; Howard M. Welch of Truckee and Herbert T. Perry of Penryn.

The board decided to hold business meetings on the second Tuesday of each month.

In Graeagle—
Sara Ernst was in Truckee last week from Colusa enroute to Graeagle where she will visit her sister.

Truckee Bible Church Plans Local Activities

The Truckee Bible Church is holding morning and evening services temporarily in the Veterans' Memorial Building. Sunday school services begin at 9:45 for all ages and church at 11. There is an evening service each Sunday at 7:30.

Rev. Roy S. Rhoades is the pastor. He studied at U.C.L.A. in Los Angeles and North Texas State Teachers College in Denton, Texas. Rev. and Mrs. Rhoades have three children, Dusty, Connie and Claudia.

The first youth or teen-time meeting was held Sunday, the 7th at 6:30 p.m. At that time plans were formulated for a picnic this Friday evening. The young people will meet at the Legion Hall at 6:30 p.m. Transportation will be provided. All teen-agers in the community are invited to enjoy the fun. Any young person who has not been contacted personally and desires to come, please call the Wes Boyer home and leave your name in order that ample food may be provided.

Helping in all the teen-time activities for the summer are Bruce and Gene Anderson and Dick and Bob Howell from Wheaton College and Illinois State Normal.

We cordially invite all young peopleto participate in the teen-time activities.

Plumbing Concern Open For Business In Area

Ray Harsten this week announced the opening of his plumbing shop on Highway 40 just west of the state quarantine station. He will specialize in new installations and is featuring a full line of needed accessories.

The Harstens have been coming to Truckee for the past several years and own a home in Gateway Park. During the winter they live in the Walnut Creek area where he has a plumbing business.

Donner Dancers Plan Pot-Luck For Friday

The Donner Dancers will hold their potluck supper dance tomorrow night in the Veterans Building. The food will be on the tables shortly after 7 p.m. President Darol McGihon announces that there will be no beginners class this week because of the supper. Members are urged to arrive as soon as possible since there remain a few details of the preparations for Sunday's festival to complete.

Attendance at the local parties keeps increasing as new dancers find that square dancing is fun, and as vacationers discover an active club here in the mountain area. There were 26 guests at the dance last Friday coming from as far away as Pasadena and Ely, Nev.

Happy Days—
Next Sunday, William Englehart, Sr., will celebrate his birthdate with his family and friends.

Tom Dolley was a year older on July 1. Terry Walker, son of Mr. and Mrs. James Walker, will be feted on his natal date, July 14.

Besios Have Guests—
Mr. and Mrs. Claire Goode and children of Wodland have been visiting her mother, Mrs. Steve Besio and Mr. and Mrs. Ange Besio.

Paine Prexy—
Robert Paine of Nevada City was elected as president of the board of trustees of the Nevada Union High School at a recent re-organization meeting. Paine is well known in this area as an employee of the state board of equalization.

Lake Teachers, Parents File For Corporation

SACRAMENTO (CNS) — Secretary Frank M. Jordan announced today the Kings Beach Teachers and Parents Association has filed articles with his office to form a non-profit corporation.

The group listed its directors as Florine Klitzke and Peggy Thompson, both of Kings Beach and Bernice Franklin of Crystal Bay, Nevada.

DATES FOR OLYMPICS GET OFFICIAL OKEH

An Associated Press report from Lausanne, Switzerland, this week said that Otto Mayer, chancellor of the International Olympic Committee, announced that the committee has formally approved the proposal that the 1960 Squaw Valley Olympics be held during the second half of February.

The games are to open on or after February 15 and end on or before February 29.

San Bernardino County's 1955 mineral production was valued at $72,339,147.

CANDIDATES SOUGHT FOR BEAUTY CONTEST

The Grass Valley Junior Chamber of Commerce has set out to rectify a condition which has deprived the young women of Nevada County an opportunity to compete in the annual California Maid of California contest.

John T. Trauner, a chamber official, has announced that entries for the contest will be received up to Saturday, July 20 and contestants will be judged on beauty, poise and personality. The judging will tak eplace at the Veterans Memorial Building in Grass Valley on Saturday, July 27, following which there will be a coronation ball.

Girls from the eastern end of the county are given an equal opportunity to compete in this event and the winner will represent the county at the final judging at the California State Fair in Sacramento August 25.

Contestants, to qualify, must never have been married. The age limit is from 16 to 26.

The final winner will reign as queen of the state fair the first five days, August 28 through September 1.

Fetes Parents—
A buffet supper was given last week by Mr. and Mrs. E. F. McKiernan in their Donner Lake home to honor her parents, Mr. and Mrs. Frank Weber of Hereford, Ariz.

Vacationing—
Miss Sharon Pace of San Francisco has been vacationing at the home of her parents, Mr. and Mrs. Tony Pace.

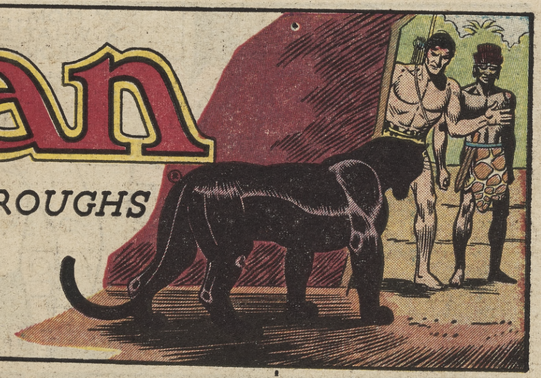
Tarzan

by EDGAR RICE BURROUGHS



THE JUNGLE LORD STARED INSIDE THE GUEST HUT TO SEE THAT THE SUPPOSED 'DEVIL' WAS NOW DEPICTED AS A SNARLING CARNIVORE.

"WE MUST WAIT UNTIL THE DEVIL TRANSFORMS AGAIN," EXPLAINED THE CHIEF, AS TARZAN WAS DISARMED AND BOUND. "THEN HE WILL DECIDE YOUR FATE."

IS THERE ANYONE YOU TWINS WOULD LIKE TO TAKE ALONG ON THE PICNIC?

MARY LOU! SHE'S NEW ON THE STREET AN' I LIKE HER!

HUH! SHE'S NOT SUCH A MUCH —SHE ONLY **THINKS** SHE IS!

WELL I THINK SHE IS TOO! AN I'M GONNA ASK HER!

IS MARY LOU HOME, PLEASE?

WHY, YES, PAT—I'LL CALL HER—

HI, MARY LOU! CAN YOU GO ON A PICNIC WITH US TODAY?

I'M NOT SURE I **WANT** TO GO ON YOUR PICNIC...YOU TOLD DINKY I WAS BEAUTIFUL BUT DUMB!

GULP!

WELL—I—I—I DIDN'T MEAN IT —AN'—AN'— I'M REAL SORRY!

I'M NOT—! —*I'M* **GLAD!**

Y-YOU **ARE**? *WHY?*

WELL, I'M GLAD I'M *BEAUTIFUL* 'CAUSE THAT'S PROB'LY WHY YOU LIKE ME-AND I'M GLAD I'M *DUMB*-'CAUSE THAT'S PROB'LY WHY *I LIKE YOU!*
